

Injazzat Real Estate Development Co. K.S.C.P

Mohammad AlFarhan – C.E.O

Mohamad Al Farhan is the Chief Executive officer of Injazzat Real Estate Development Company since its inception in 1998 responsible of leading the company's operations and financial position as well as the group's seven subsidiaries. Over the years, the company has developed a unique portfolio of real estate assets locally in Kuwait, regionally in U.A.E and Bahrain as well as internationally in U.S.A and Europe. Its portfolio includes opportunistic land investments, office tower developments, owned and operated residential properties, retail developments and mixed-use commercial development. (see current website www.injazzat.com)

Before Injazzat, Mohammad was the Deputy General Manager at Al Mal Kuwait Company, an Investment Banking and Asset Management company. Mohamad's role was to oversee the company's operations and real estate investments.

Prior to that, he worked for Coast Investment & Development Company as Assistant General Manager for Finance and Real Estate activity as well. Coast is one of the leading financial institutions in Kuwait and the region.

Prior to that, Mohamed was the Manager of the accounting department at Kuwaiti Institute for Scientific Research (KISR). KISR's initial role is to promote the advancement of national industry and the undertaking of studies to address key environmental and natural resources challenges. His role was to maintain an effective and efficient accounting and management system to coordinate all accounting activities.

Mohammad has been in Real Estate activity for over 35 years internationally. He received his B.A from San Jose State University in California.
